Zero-Gravity Recliner

PC-085

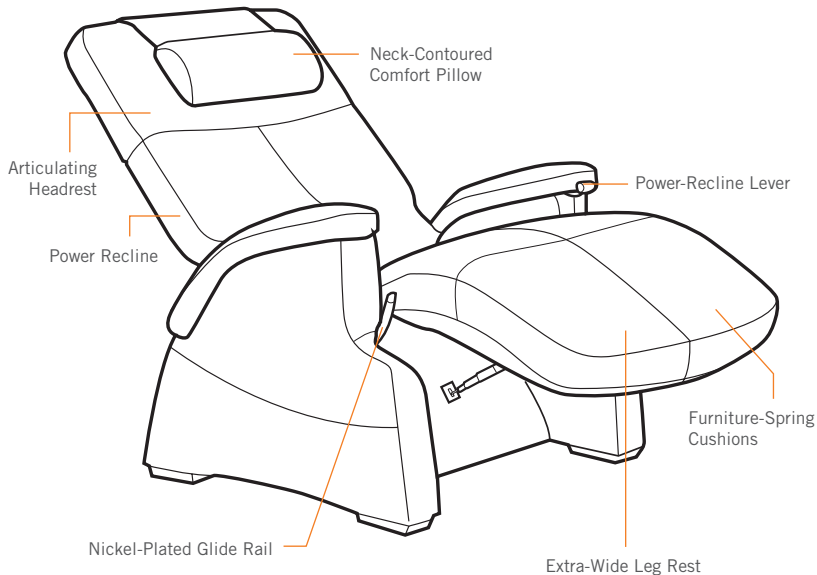

Perfect is a word that's often overused—but sometimes, it's the perfect description.

The Human Touch® Perfect Chair® PC-085 Transitional Zero-Gravity Recliner artfully blends the best of aesthetics, technology and wellness in a seating experience that transcends the highest standards of comfort. The electric recline system eases the body into a virtually weightless position as it elevates the legs above the heart and relieves weight from the spine. This remarkable chair—inspired by the zero-gravity chaise developed by NASA to support astronauts during their ascent into orbit—relieves the soreness, tension and fatigue caused by the earth's constant gravitational pull. And as one of our most generously padded chairs, the Transitional's fixed-form seating position ensures maximum ergonomic posture at all recline angles, consistent with physician-recommended sitting posture.

Beyond function, the Transitional recliner fits your sense of design as comfortably as it fits your body. With numerous color combinations and solid renewable plantation-grown parawood, this remarkable chair complements even the most sophisticated room décor—perfectly.

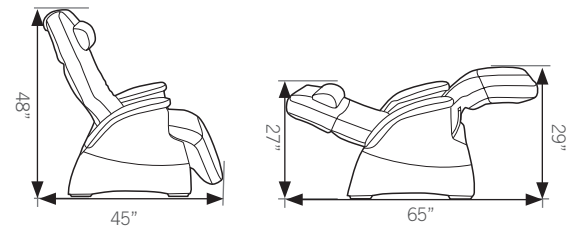

More Features for More Comfort

3-Year Limited Warranty

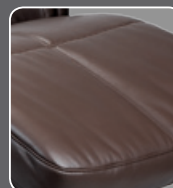

The weight is over.

The Perfect Chair is expertly engineered and crafted to defy gravity's adverse effects, placing the body in a position to restore its natural wellness. Incorporating only the finest designer materials and finishes, it's also pretty easy on the eyes.

ELECTRIC RECLINE SYSTEM

A smooth-functioning, high-performance recline system with whisper-quiet motors eases the chair from upright to full recline in less than 15 seconds. And you control your journey from sitting to floating with an unobtrusive, easy-to-use fingertip recline lever.

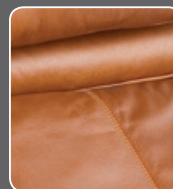

CUSHIONED FOR COMFORT

Generous bonded leather cushions add a soft touch and furniture springs offer superior comfort seating.

RUGGED FRAME AND RAILS

The high-tensile-strength steel body frame is powder-coated with a durable and protective surface that ensures a long life free from rust and discoloration. And the graceful, nickel-plated glide rail ensures smooth recline motion.

LUXURIOUS UPHOLSTERY

Featuring bonded leather, adorned with beautiful French triple-stitch patterns, this chair's construction is a seamless blend of opulence, quality and old-world craftsmanship. Select from four rich colors.
